math

numbers

Write a function that takes an integer `minutes` and converts it to seconds.

Examples

```
convert(5) → 300
```

```
convert(3) → 180
```

```
convert(2) → 120
```

Notes

- Don't forget to `return` the result.
- If you get stuck on a challenge, find help in the **Resources** tab.
- If you're *really* stuck, unlock solutions in the **Solutions** tab.
